MINISTRY OF HOME AFFAIRS

New Delhi-11, the 4th November 1963

RESOLUTION

No. 9/2/63 SCT I—In the Ministry of Home Affairs Resolution No. 42/21/49-NGS, dated the 13th September 1950, it has been stated that the reservation orders are applicable to all services and posts under the control of the Government of India. The question whether reservations should continue to be made in scientific services and posts has been examined. It is considered that in appointments for conducting research or organising, guiding and directing research there may be a great deal of difference between the best person available and the one who only possesses the prescribed minimum qualifications. It is, therefore, desirable to look for persons with the highest talents and accomplishments rather than be content with those who may be just adequate. The number of such posts is not so large as to affect the interests of a considerable number of persons belonging to the Scheduled Castes and Scheduled Tribes. On the other hand, the nature of the work is such that if it is done conspicuously well, scientific progress and development of the country will be accelerated.

2. The Government of India have accordingly decided that reservation orders in favour of Scheduled Castes and Scheduled Tribes will not apply in the case of appointments to posts for conducting research or organising, guiding and directing research
